Marks: 968/1000

Newgen School Of Excellence, Hyderabad

Secondary Education

2020

GPA: 10.0/10

Technical Skills

- **Programming Languages: C, Python and Java**
- **Web Technologies: HTML, CSS**
- **MS Office**

Projects

Title : Bidirectional Visitor Counter using 8051 Microcontroller

- The Objective of the project is to design a system where the number of persons entering or leaving a room is kept track of and displayed on a screen.
- When a person enters a room, the count would be increased, whereas on leaving it would decrease. IR Sensor mechanism is used to sense the presence of visitors and the whole counting operation is done by a microcontroller.

Certifications

- Certificate on successfully completing Java programming for beginners from Udemy.

Additional Experience

- Serving as a casual compere for the Yuvavani program, a 30-minute broadcast on Akashvani Hyderabad (Radio 101.9 FM). Developed strong presentation skills, voice modulation, and audience engagement techniques. Gained hands-on experience in radio broadcasting, script narration, and live program coordination.
